NAEENTILE INDUSTRIES

WELCOME TO PRODUCT CATALOGUE

About the catalogue

naeentile company:

We are delighted to have you as a valued partner in our pursuit of excellence within the ceramic and tile industry. Your presence and support are greatly appreciated as we embark on this exciting journey toward a brighter future. We eagerly anticipate your continued participation in the upcoming season of product offerings, which will undoubtedly contribute to the growth and advancement of our nation's aspirations. Together, let us drive towards achieving even greater milestones in this vast and pioneering industry complex

TRENDING PRODUCTS

The 20x120 ceramic tile is typically used for flooring and installed in a non-staggered (offset) pattern with a 30 cm shift between each row. In this layout, each tile row is offset by 30 cm from the previous one, creating a unique and harmonious pattern on the floor. This method enhances the sense of space, making it appear larger and more fluid, while adding a modern and stylish touch to the environment. Precise cutting and measurement are essential for achieving a flawless installation with this layout.
